Summary

The section **Physiology of Life Sciences Switzerland** organises the **Annual Swiss Physiology meeting**. This traditional meeting brings together **physiologists from all over Switzerland** and highlights research conducted by young physiologists with the **awarding of the prestigious prizes combined with travel fellowships, funded by the “Stiftung für Physiologie”** (former Oetliker foundation).

The focus of this meeting is to **create a familiar and friendly frame** where **new developments in the field** will be disseminated, providing ample opportunity for **scientific exchange** and experiencing new techniques.

The one-day meeting will take place at the University of Fribourg, chaired by **Prof. Zhihong Yang** (University of Fribourg), president of the LS² section Physiology. **Plenary speaker** of the meeting will be **Prof. Beat Imhof** (University of Geneva).

The meeting creates the perfect setting for intimate and stimulating interaction between PIs, the academic offspring, and representatives of the companies.
