

# 11<sup>th</sup> SWISS APOPTOSIS MEETING (SA<sup>2</sup>M)

**Organized by:**

**Thomas Kaufmann, Mario Tschan, Thomas Brunner & Sophie Pattingre**

Institutes of Pharmacology and Pathology, University of Bern (CH), and Department of Biochemical Pharmacology, University of Konstanz (DE), Institut de Recherche en Cancérologie de Montpellier, University of Montpellier (F)

## Confirmed Speakers:

Lynn Wong (University of Zurich), Irmela Jeremias (Helmholtz Zentrum, Munich), Magali Humbert (University of Bern), Nicolas Leupin (Molecular Partners, Zurich-Schlieren), Seamus Martin (University of Dublin), Barbara Conradt (UCL London), Petr Broz (University of Lausanne), Manolis Pasparakis (University of Köln), Ana Martin-Villalba (German Cancer Research Center, Heidelberg), Georg Häcker (University of Freiburg), Matthias Peter (ETH Zurich), Angelika Harbauer (Max-Planck-Institute for Neurobiology), Claudine Kraft (University of Freiburg), Sylviane Muller (University of Strasbourg), Carine Joffre (INSERM, Toulouse), Philipp Jost (University of Graz)

Apart from the main lectures, mostly young scientists will receive the opportunity to present their own projects as short oral presentations and/or as posters. We particularly encourage doctoral students, postdoctoral fellows, and young investigators to actively participate at this 11th Swiss Apoptosis Meeting.

**Major Topics:** Apoptosis, Necroptosis and Autophagy  
Cell Death/Autophagy and Immunity  
Cell Death/Autophagy and Cancer

**Satellite  
Symposium on  
concepts and methods  
in programmed  
cell death and  
autophagy**

## On-site and online participation

Registration is **FREE**, but mandatory!  
Please, register now under
