Annual Swiss Proteomics Meeting 2022

Summary

The section Proteomics of Life Sciences Switzerland (LS²) organizes the Annual Swiss Proteomics meeting for the 6th time in 2022. The meeting brings together life scientists interested in proteomics research from all over Switzerland.

The focus of this meeting is to create a familiar and friendly framework where new developments in the field of proteotype research will be disseminated, providing ample opportunity for scientific exchange and networking.

The event will take place in the beautiful surroundings of Ägerisee, a perfect setting for an intimate and stimulating meeting. The cafe breaks and lunch time will be the social highlights of this conference.
