

Annual Swiss Proteomics Meeting

11 & 12 May 2023. Unterägeri, SeminarHotel am Ägerisee

Summary

The LS² Section Proteomics Section is organizing the annual **Swiss Proteomics Meeting** for the seventh time in **2023, on May 11th – 12th**. With one day and half program, the meeting brings together life scientists interested in proteomics research from all over Switzerland. The focus of this meeting is to create a familiar and friendly framework where new developments in the field of Proteomics research will be disseminated, providing ample opportunity for scientific exchange and networking. The event will take place in the beautiful surroundings of **Ägerisee**, a perfect setting for an intimate and stimulating meeting. The cafe breaks and lunch time will be the social highlights of this conference.
