

CARDIOVASCULAR RESEARCH MEETING 2023

4 July 2023

UniS, University of Bern

SPONSORSHIP BOOKLET

Cardio-vascular diseases are defined by the world health organization as “a group of disorders of the heart and blood vessels”, suggesting that strong interactions exist between the cardiac and vascular fields. That is why the working group of cardiovascular biology was founded by **clinicians and researchers** working in cardiology and in the vascular domain 20 years ago. This interaction is the specificity of our group, which is also supported by the Swiss Society of Cardiology (<http://www.swisscardio.ch>).

The focus of this meeting is:

- To provide an open forum for **cardio-vascular** scientists (basic researchers and clinicians)
- To promote and enhance education for young colleagues
- To intensify collaborations among researchers within Switzerland and with industry
- To provide an annual meeting platform for network programs

The meeting will take place at the [UniS](#) of the University of Bern.

Key facts

Venue	Institute of Pathology, University of Bern
Audience	Specialized audience from all Swiss Universities, ETHs working in the Cardiovascular field. 70-100 participants (40% students, 40% postdocs, 20% PIs or clinicians)
Why getting involved?	The only Swiss meeting in basic research in Cardiology! Highly enthusiastic and skilled audience Intimate meeting, focusing on personal interactions and favoring the first presentation (oral or poster) of young people.
Sponsoring opportunities	Possibility for a booth and/or other sponsoring options, plus networking and informal one-to-one meetings with participants.
Website	https://meetings.ls2.ch/cardiovascular2023
Contact	Prof. Dr. Elena Osto president of LS ² Cardiovascular Biology executive committee elena.osto@uzh.ch Dr. Adela Calvente Arroyo, Dr. Neringa Mannerheim Scientific Officers LS ² adela.calvente@ls2.ch , neringa.mannerheim@ls2.ch

We look forward to counting on you for our meeting! Please do not hesitate to contact us for any further query.

With kind regards,

The LS² Cardiovascular Biology executive committee
