Summary

The section Systems Biology of Life Sciences Switzerland (LS²) is organizing the Systems Biology Symposium 2023.

For this year’s meeting, we chose three session topics that are relevant across different systems and scales. In particular, we will have sessions covering:

- New insights using high performance computing
- Emergence and evolution of phenotypes
- Genetic circuits coping with cellular and environmental uncertainties

This symposium brings together young scientists and established researchers working on these topics in different systems across scales, using experiments, theory, models and simulations. By exchanging results and ideas and promoting networking we hope to initiate collaborations that will help to address these challenges of current research in the life sciences. We are confident that this symposium will prove a successful networking platform for our community and a meeting point between industry representative and researchers.

The symposium will take place at the beautiful location of Zäziwil (BE) at the Hotel Appenberg. An apéro and subsequent dinner will be the social highlights of this event. This meeting brings together systems biologists from all over Switzerland.

With kind regards from the organizing committee,

Yolanda Schauerli, Eavan Dorcey, Simon Blanchoud, Sahand Rahi, Benjamin Towbin
### Key facts

<table>
<thead>
<tr>
<th>Date</th>
<th>13-14 November, 2023</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Venue</strong></td>
<td>Hotel Appenberg, Zäziwil (BE)</td>
</tr>
</tbody>
</table>
| **Audience**  | • Specialized audience from all Swiss Universities, ETHs, and the industry working in the field of **Systems Biology**  
    • **60 - 70 participants** (students, postdocs, PIs or professionals) |
| **Why getting involved?** | • The ONLY Swiss meeting in Systems Biology  
    • Highly enthusiastic and skilled audience  
    • Intimate event, focused on personal interactions  
    • Networking and informal one-to-one meetings with participants  
    • Audience from multidisciplinary fields |
| **Sponsorship opportunities** | • Booth at the common areas of the venue  
    • Sponsor talks  
    • Merchandising material at the registration desk  
    • More options and details: [see below](https://meetings.ls2.ch/systems-biology-2023) |
| **Website**   | [https://meetings.ls2.ch/systems-biology-2023](https://meetings.ls2.ch/systems-biology-2023) |
| **Contact**   | Dr. **Neringa Mannerheim**, Scientific Officer **LS²**,

Sponsorship options

All packages include the logo on the meeting website, booklet and welcome words.

Sponsorship options of 2500 CHF or more include the invitation of two company representatives to the meeting. Costs for registration & catering during the conference will be covered for them. We, however, kindly ask the representatives to individually pay for their hotel overnight stay, if needed.

In case the representatives want to stay at the venue, please contact the hotel (info@appenberg.ch). Please note, that this is a private booking and the cancellation conditions must be discussed with the hotel.

We would be very happy to welcome you at the Systems Biology Symposium 2023!

1. Platinum Package (limited to two sponsors) 3000 CHF
   - Oral presentation during the meeting (10 min)
   - Booth at the meeting site
   - Logo displayed during poster session
   - One merchandising item: lanyards, flyers, pens...
   - One page in meeting booklet

2. Gold Package 2500 CHF
   - Booth at the meeting site
   - Logo displayed during poster session
   - One merchandising item: lanyards, flyers, pens...
   - Half page in meeting booklet

3. Silver Package 1000 CHF
   - Promotional roll-up or poster in conference room
   - Logo displayed during poster session
   - One merchandising item: lanyards, flyers, pens...
   - Half page in meeting booklet
4. Bronze Package  
- Promotional roll-up or poster at registration desk  
- One merchandising item: lanyards, flyers, pens...

5. Meeting bags  
- Limited to a single company or publisher

6. Flyers  
- Or other merchandising item given at registration desk/meeting bag

7. Booklet  
- One page in conference booklet  
- Half page in conference booklet

8. Poster Prize  
- Limited to three companies

Any other sponsorship offer is welcome to be discussed!
