

Theory across Biology 2026

UniS, Bern, 12.6.2026

- 09:00 Registration and welcome coffee
- 09:25 Introductory words
- 09:30 **Hanna Kokko**
*Institute of Organismic and Molecular Evolution,
University of Mainz (DE)*
“A long life: how desirable is it, evolutionarily speaking?”
- 10:10 **Francis Corson**
Laboratoire de Physique de L'Ecole Normale Supérieure, Paris (FR)
“tba”
- 10:50 Selected speaker 1
- 11:15 Flip chart session 1
- 12:00 Lunch
- 13:00 **Oliver Meacock**
University of Sheffield (UK)
“tba”
- 13:40 **Gasper Tkacik**
Institute of Science and Technology Austria (AT)
“Information flow and optimization in biological systems”
- 14:20 Flip chart session 2
- 15:20 Coffee
- 15:35 Selected speaker 2
- 16:00 **Mor Nitzan**
Hebrew University Jerusalem (IL)
“tba”
- 16:40 Thoughts and drinks
