EUROPEAN PHAGOCYTE WORKSHOP

MONTREUX / CH 5 – 7 April 2027

The conference

This popular conference series highlights the latest advances in phagocyte biology. With capacity to host up to 300 delegates, we will bring together researchers from across the globe, providing plenty of networking opportunities to encourage new connections and collaborations..

The meeting will start at 1 PM on Monday April 5, 2027, and end at 7 PM on Wednesday April 7, 2027, with keynote lectures by Andres Hidalgo (Yale school of Medicine) and Florent Ginhoux (Paris-Saclay University) and will cover all aspects of phagocyte biology in health and diseases.

The program will offer multiple opportunities for junior researchers to deliver oral presentations, as well as dedicated poster sessions. For sponsors, this is an unparalleled opportunity to access cutting-edge scientific research and to share your technologies with a unique audience.
